*If I could save time  
In a bottle, the first  
Thing that I'd like to do*

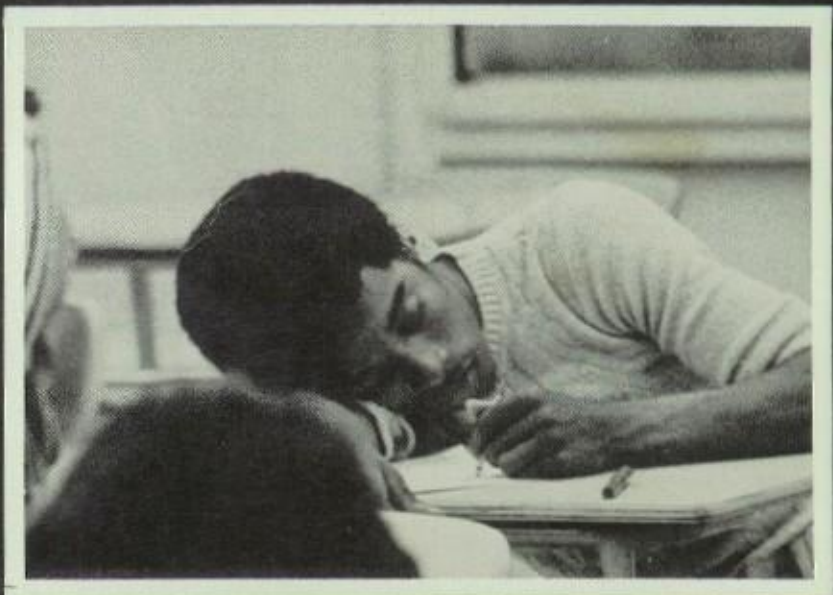

*Is to save everyday  
Until eternity passes away  
Just to spend them with you*

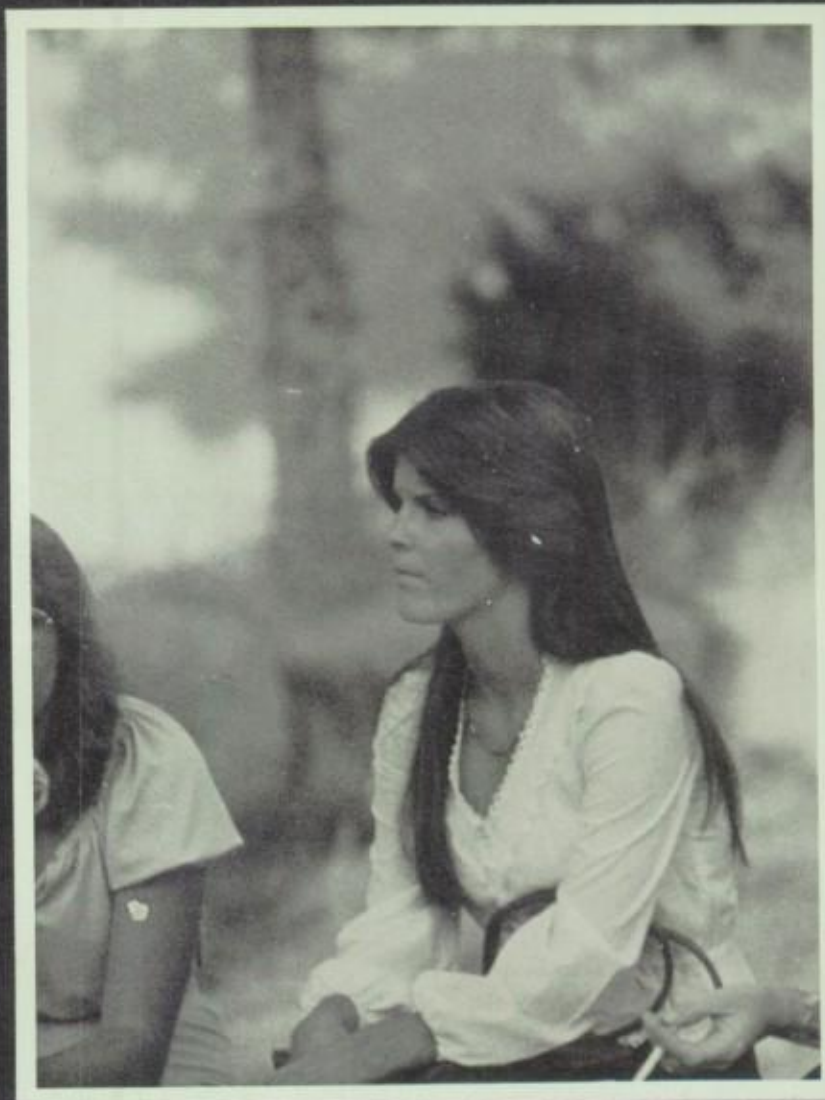

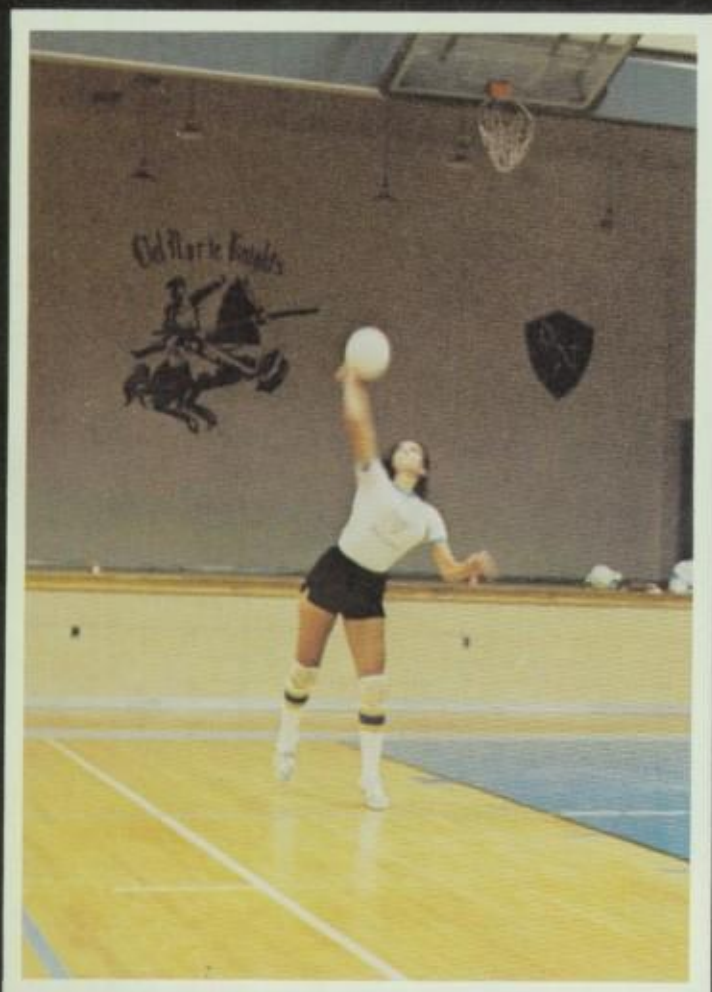

*If I had a box just  
For wishes, and dreams  
That had never come true.*

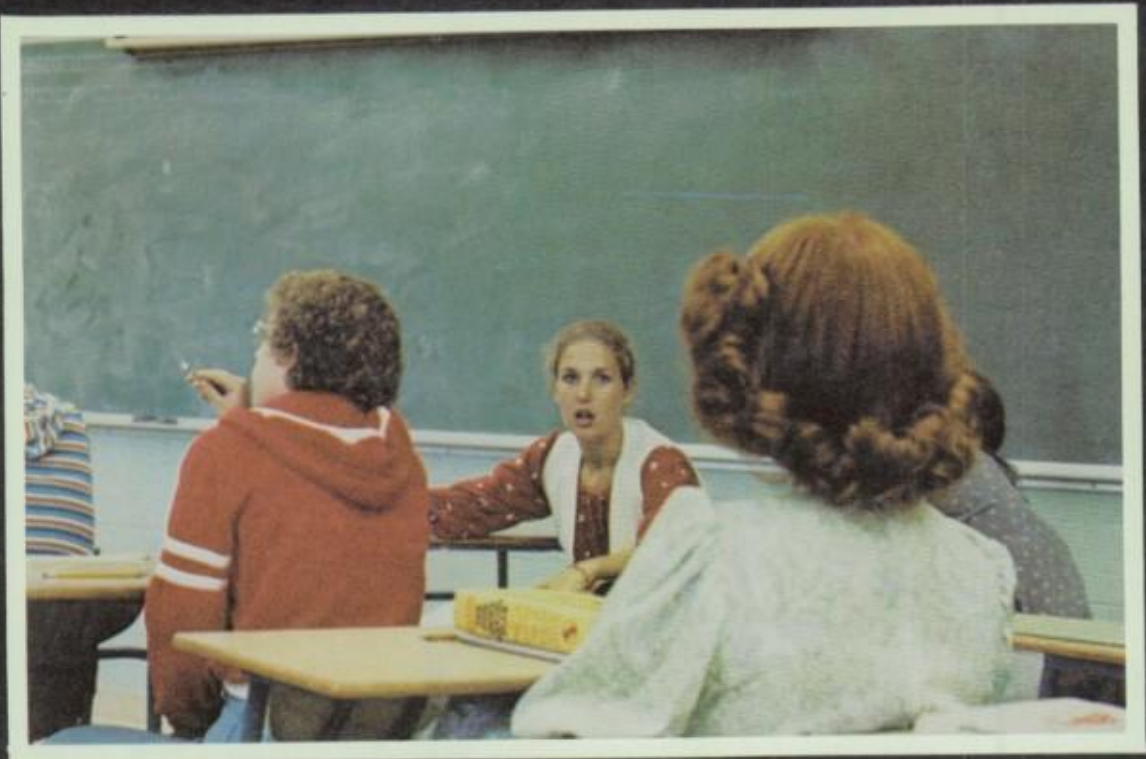

*The box would be  
Empty except for  
The memory of  
How they were  
Answered by you*

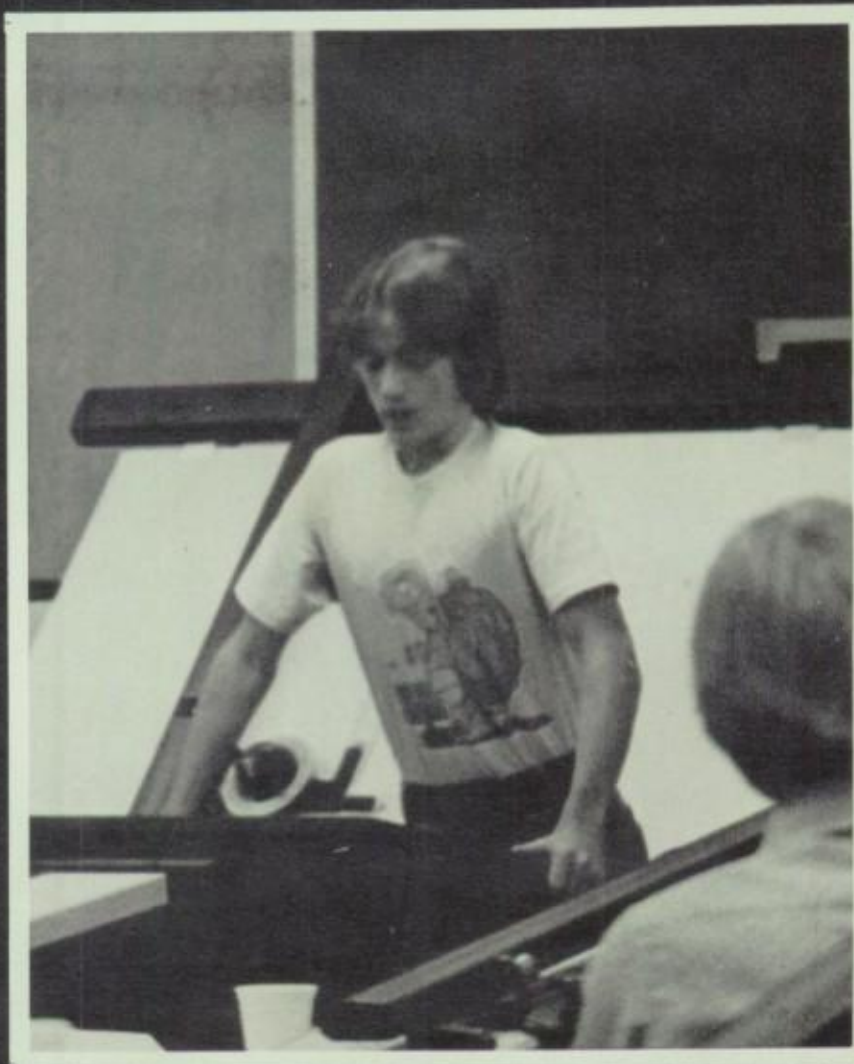

*But there never seems  
To be enough time*

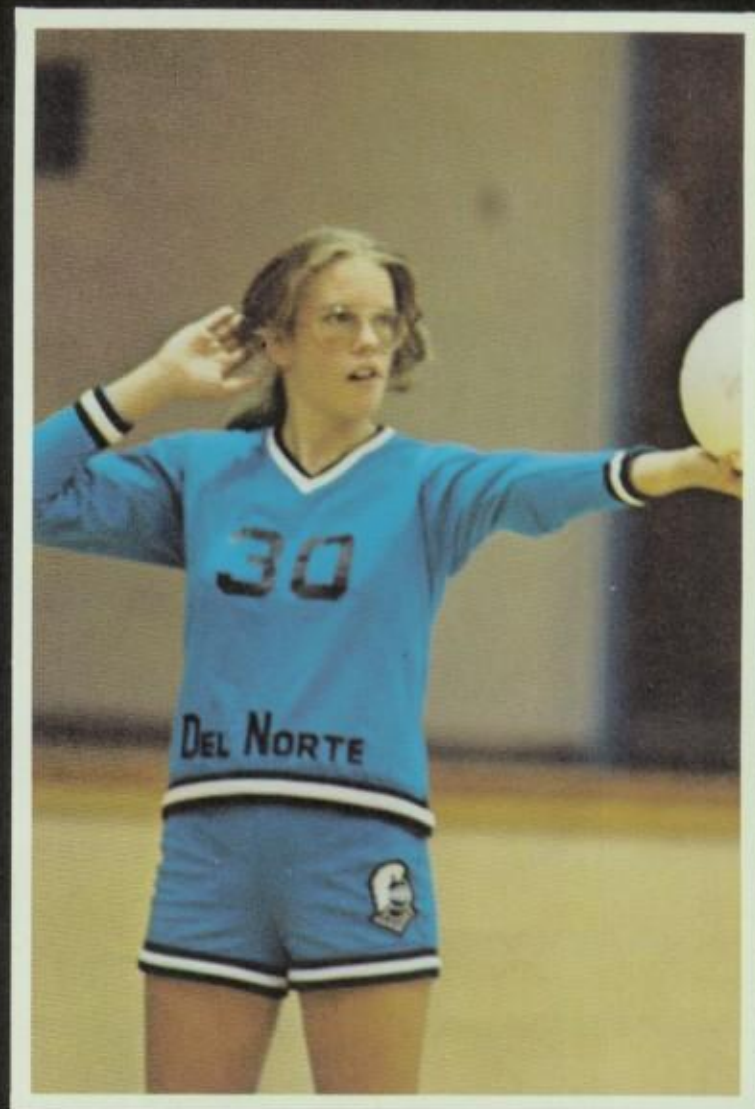

*To do the things you want  
To do, once you find them.*

*I've looked around enough  
To know that you're the  
One I want to go  
Through time with.*

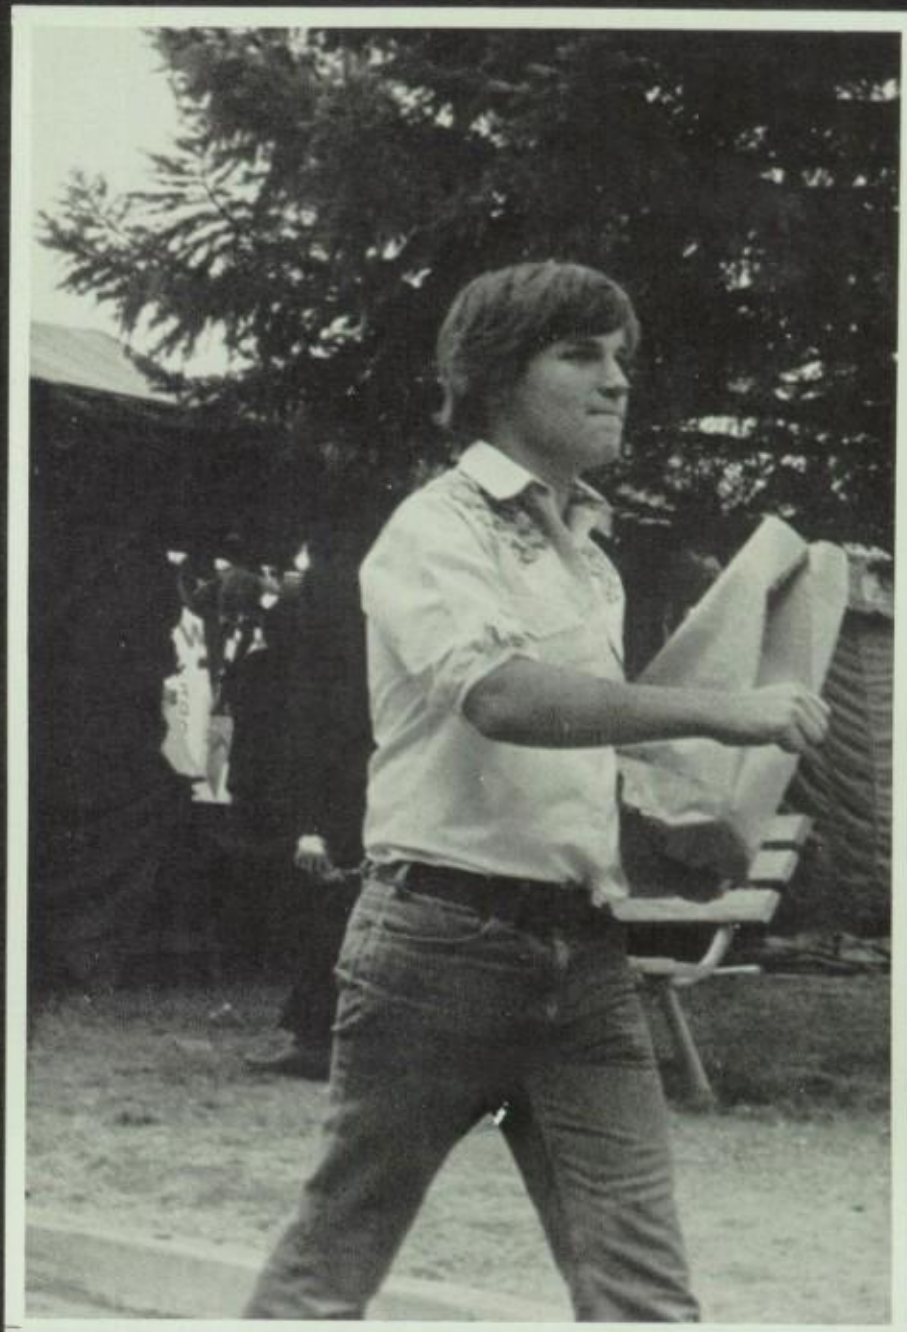

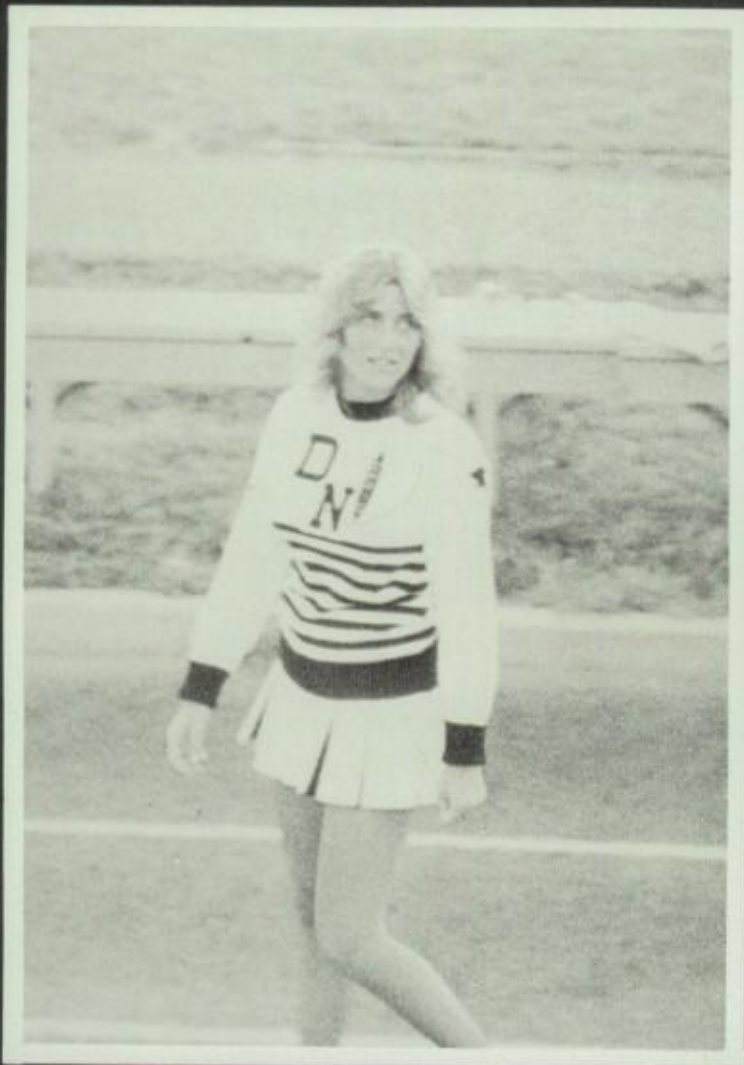

*If I  
Could make  
Days last forever,*

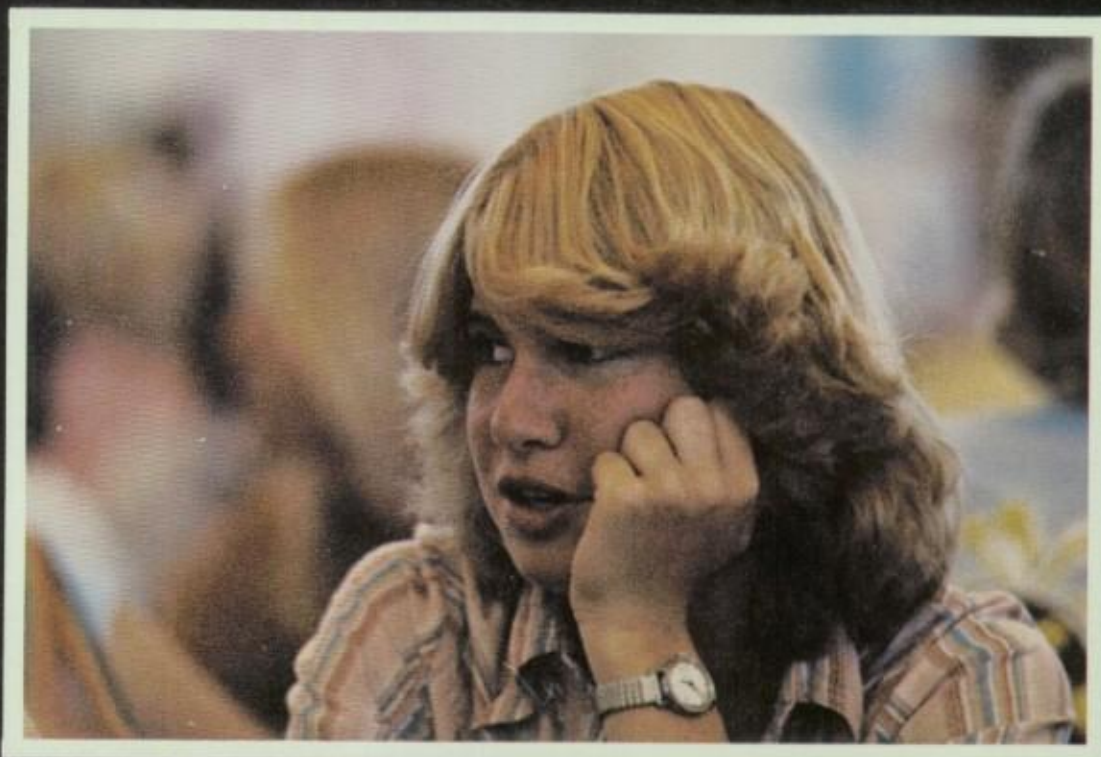

*If Dreams  
Could make  
Wishes come true,*

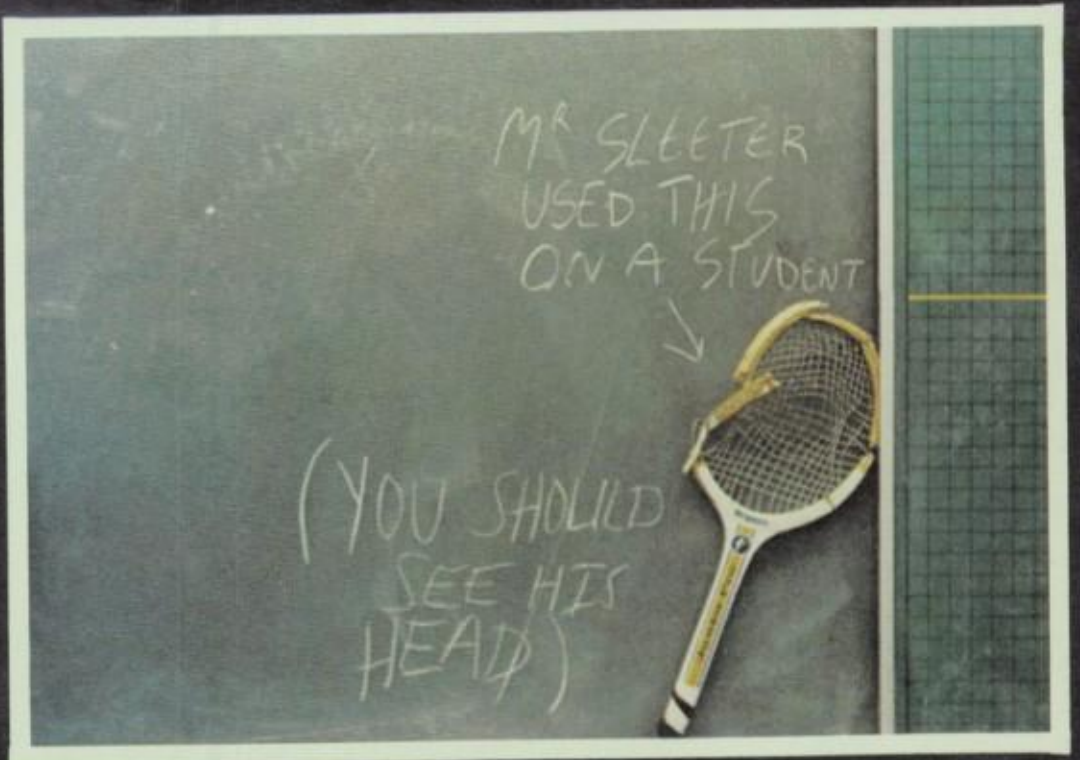

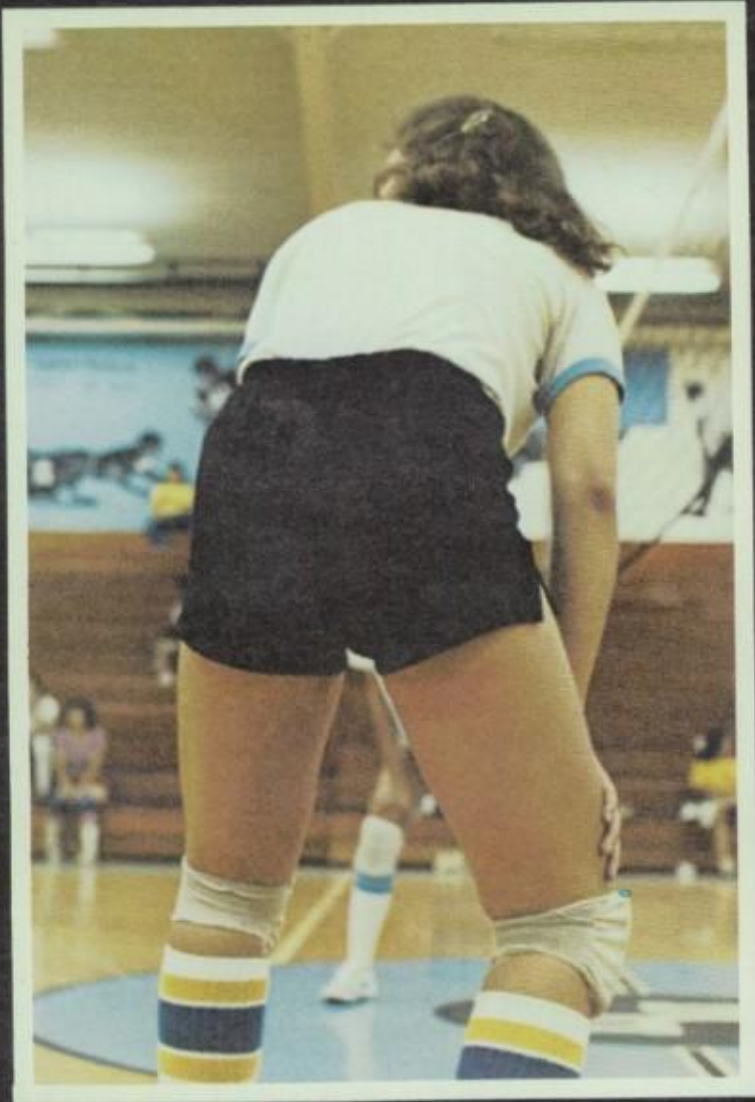

*I'd save every  
Day like a  
Treasure, and  
Then, again I  
Would spend  
Them with you.*

The long and winding road has wound through many lives at Del Norte. The road is long, it is filled with good times, bad times, fun times, sad times, our victories and our defeats each causing a curve or mark in the road. The night of October 11 left an important mark in Del Norte's road, when a new queen was elected to reign over our Knight castle.

Each and every student at Del Norte, past and present waited breathlessly in our beautifully decorated gym as Linda Gallegos was announced as our new queen. The memory of this night will always stand out in each of our minds as one of the most beautiful marks in our long and winding road.

This road, we know, will never disappear for it always leads us back to the doors of Del Norte. In

## The Long and Winding Road

The long and winding road  
That leads to your door  
Will never disappear  
I've seen that road before  
It always leads me here  
Leads me to your door

The wild and windy night  
That the rain washed away  
Has left a pool of tears  
Crying for the day  
Why leave me standing here  
Let me know the way

Many times I've been alone  
And many times I've cried  
Anyway, you'll never know  
The many ways I've tried  
But still it leads me back  
On the long and winding road  
It always leads me here  
Leads me to your door

years to come we will return to future Homecoming Nights and remember this one, sweetly clouded with other memories of our Senior Year.

Although the 1978 Homecoming Coronation lasted less than one hour, the preparations for it were weeks of hard work. The happiest night in the lives of all the girls on court would not have been possible without the hard work and dedication of Miss Miller, Barbara Biggs, and those who spent weeks preparing for this night. What took place here at Del Norte is now a memory, but one which will never disappear for our mighty Knights will endure, and there will always be new Knights to hold open the door when we come home to Del Norte.

# The Year

Throughout the '79 school year, new goals were set and challenged, and many defeated. Not only did our school expand, but our student body as well. New Freshman and Sophomores increased our school population to an exciting 2800, promoting enthusiasm to our school spirit and adding more terrific hours to our days spent as Del Norte.

Staters Club is a way of involving students with the government. In all there are thirty actively involved people. Only six girls attend Girl's State and eight boys attend Boy's State each year. These fourteen Del Norte students along with other Staters from schools all over New Mexico spend a week in the summer learning many aspects of government. Not only do they further their education but they also have a great time.

To become a Stater a test is taken during their Junior year and there are interviews given. Being a Stater is one of the most exciting ways to become involved in politics at school.

## ASA: Round Table Freshmen Sophomores

Associated Student Assembly has embarked on many projects this year. They include: raising one thousand dollars for the State Student Council project, March of Dimes; visiting Old Folks Homes and participating in several exchanges with Del Norte's "buddy" schools. During the year, ASA has done other things; for example, having a Dance in November, several Penny Wednesdays, and attended many district Student Council meetings to exchange problems that have arisen in the school and to find ways to solve them. Overall, it has been a pretty successful year, run by our Student Body President Chris Dunblazier and Student Body Vice-President Claudia Anison.

# OEA

Office Education Association is for students who wish to train for a future in secretarial work. Each year there is a large number of members in OEA, this year being no exception. Twenty-five girls make up this year's organization. Seniors are enrolled in Secretarial Co-op, and the Juniors in Office Education I.

There are regional, state, and national competitions in the Spring. To qualify for state, a competition must be won at the regional level. Successful competition at state is required to go on to the nationals. This year's state competition will be held in Santa Fe, and the nationals will be in Cincinnati.

## *Castelles of '79*

At every game this year there has been a patch of blue in the stands. This patch of blue is made up of thirty-eight enthusiastic and rowdy girls called Castelles. The famed Castelles are Del Norte's drill team. They work hard every day during fifth and sixth periods. The end result is the fantastic precision and timing that promotes so much spirit from the student body.

Tryouts were held the previous spring and consisted of nearly seventy-five girls, each aspiring to become one of the chosen few. A panel of qualified judges chose thirty-eight girls to represent Del Norte as the 1978-79 Castelles. In February, the Castelles took an exciting trip to Disneyland.

## Student Advisory

**Student Curriculum Committee-** The Student Curriculum Committee meets at least monthly with Dr. JoAnn Krueger, Assistant Principal in charge of curriculum, to discuss the curriculum of the school. The SCC's ideas, suggestions, and questions help to guide the school's curriculum planning and offerings throughout the year. Field trips are also part of the SCC's annual activities.

The club's activities include; constructing a protective egg carton, designing a paper airplane, and a trip to Magdalena, to see the largest radio telescope in New Mexico.

## Volunteer Tutors

**Volunteer Tutors:** Volunteer Tutors are a necessary part of any school. This program helps to aid students in their learning.

In the past this program has been very successful, but due to the illness of Mr. McSorley, the club's sponsor, there is only one member this year. We hope the membership will rise in future years and the club continues to do good work.

## Youth and Government

### Youth and Government-

Politics and Government in the United States today is both fascinating and confusing. The Youth and Government Club was organized by the YMCA in an attempt to teach young adults the political process through actual experience in it.

The Del Norte Youth and Government Club members learned about Albuquerque city government by participating in Model Cities. Led by mock City Counselor Janna Hendley, who was also Club President, Del Norte's group was able to get a city ordinance passed, establishing a Youth Advisory Board to Albuquerque's City Council.

Besides being a real learning experience in government, the club members got to meet other New Mexicans and have a great time.

A yearbook is made up of all different kinds of things; yelling, frustration, joking and dedication. Matmaids is a group of five enthusiastic girls who are chosen to support the wrestlers. Some of their activities include providing oranges for the wrestlers after their matches, keeping score, doing odd jobs for the coaches, rooting for the wrestlers, and helping out in the tournaments. This organization was originated by Coach Jaynes eight years ago. It was the first organization of its kind in Albuquerque, but now almost every school in Albuquerque has Matmaids. This year their money-raising efforts have been topped off with a dance and several candy sales.

Miss Nancy Wood

You aren't just my best  
friend but you are like my  
sister. It's been almost 6  
years that I have known  
you. That sure is  
a very very long time. For  
sure we are going to get an  
apartment together. I hope

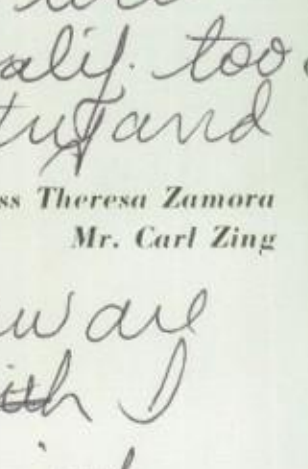

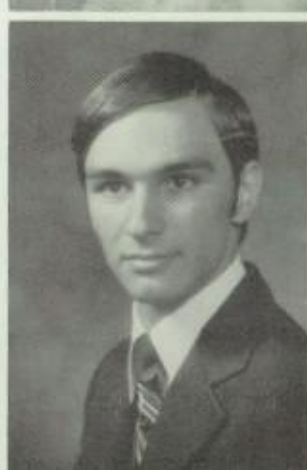

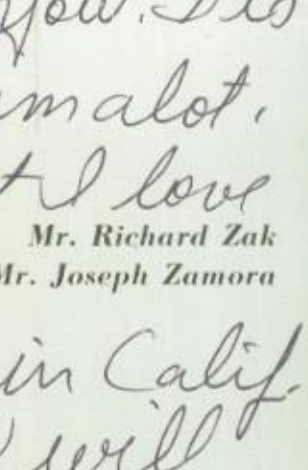

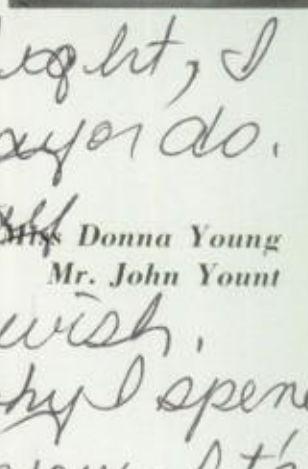

you know that when we fight, I  
really don't mean what I say or do.

I hope you and Karl stay  
together for as long as you wish.  
I hope you understand why I spend  
more time with Pat than you. It's

because I really love him a lot.  
You know, of course, that I love  
you also. I hope you  
have a fantastic time in Calif.  
Don't worry me and you will  
go together one day to Calif. too.  
And remember we will try and

have our graduation  
party together okay! You are  
a lot of fun to be with. I  
really wish I could get a job

at Funs so I could ~~work~~ work with you. But I uh  
won't hire me. That pig. It's really too bad that  
we can't go to the same school. Even though we

QAR  
Now get your ~~card~~ be sure, and visit me at my house or at  
work too. Since I'm running out of space I'd better quit soon.  
Your best friend, who loves you -

## Foreign Exchange Students Stay at Del Norte

I am one of the Swedish exchange students who came to Del Norte after half a semester. When I'm writing this I have been going to this school for a little more than a month, but I still haven't gotten used to the way it was built. I get lost all the time.

My host parents during this year are Chuck and Trudy Beverly. One of my sisters, "Lori" is also going to Del Norte this year.

I hope that the impression people have gotten of me, Annette, and Annica has been a good one, hopefully so good that some of you would want to have a foreign exchange student living with you for a school year or spend a year at a high school in another country.

To me, this year has been filled with learning and fun. When I write learning, I don't mean just in school, but learning about the life and the people, and their habits and culture, in a country different than my own.

I hope that the time I have left at Del Norte and here in Albuquerque will be as good as the time I've already spent here, because so far, this year has been GREAT!

Mona Jarl

This year has been a very special year for me as a Swedish exchange student at Del Norte High School. It has been really neat being a part of this school and I have had a year with lots of fun and good experiences both in and out of classes. I think I have learned a lot more than a student usually learns in a year.

I have had five classes and have been a member of the French, German, and Ski Clubs and of ASA. I have also been playing violin in the school orchestra.

I am very thankful for all the nice teachers I have had this year and all the friends I've found. I am sure that we are going to be friends many years from now.

Thank you for a great year, Del Norte, I'll never forget you!

Annette Grute

Can you imagine what this is like: you go to your class and the teacher starts to take roll, reading both the first and last names of all the students, except yours. They just read your first name. After a while, you just quit using your last name. So, I'm Annica, eighteen, and Swedish.

This being my first trip to the United States, I was astonished when I first got here. Everything seemed so big, but soon I got used to it. There were a lot of things I had to get used to, such as the size of Del Norte. My school at home has a student body numbering only 471.

The classes I am taking this year are: Southwest History, Speech, Math Analysis, and Band. (but even though I'm with the band, I don't dislike "jocks".) I consider my stay here a lifetime experience, that unfortunately not everyone gets.

Matt Schay...

Chris Dunblazier is a name that is often heard around Del Norte. She is extremely active in all aspects of school, especially student government. As most Del Norte students are aware, Chris is our Student Body President. But what exactly does she do in this position? Well, she is the MC at all the assemblies, and helps the cheerleaders organize them, and she conducts all the ASA meetings. Chris also represents Del Norte at many different types of Student Council Workshops, such as the North Area Advisory and District and State Student Council Meetings. She has been a terrific president, and Del Norte is proud to have such an active leader on its campus.

# Underclassmen

*This year, Junior Jury has been one of the most active organizations at Del Norte. They have been busy with the Homecoming dance, selling candy, a talent show, and much more. They are very busy raising this money for the Junior-Senior Prom. Although none of this could have been accomplished without the efforts of their sponsor, Mrs. Alarid, the dedication of the class is to be commended.*

*This year's Sophomore Congress started out with a long list of things to do: help with Homecoming, decorate halls (in which they took second) and help in any way possible. They are in debt (natural for a sophomore?) now, but are working hard and planning the Valentine Dance. The goal they are trying to reach this year is to promote student involvement. Mary has a good group of officers backing her up and a great sponsor, Mrs. Blachley. Being a sophomore is a tough job and being an officer is tougher. This year's officers are good, hard working people. Del Norte watch out, the class of '81 is coming!*

*The Freshman, like the Sophomores, started out this year with nothing but a few dollars (thanks to last years seniors). It was rough at first with Homecoming and everything but we pulled through. When there's some money in our name we can get a little more organized and start doing things. Right now the Freshmen are planning on doing the Valentines Dance with the Sophomores. We hope it will be a big success.*

## Peggy Miller - Activities Director

The predominant themes heard around Del Norte this year were "I've got Knight Fever" and "Knight Fever-Catch It"—and Knight fever there was! The addition of freshmen to the student body may have meant a more crowded school, but they also brought a new excitement, spirit, and enthusiasm to the student body as a whole, not to mention more teachers, staff, and buildings to the school. The attendance at assemblies and dances, and participation in extra-curricular activities increased because the underclassman would not let the upperclassmen "slack off", proving that Knight fever was contagious and that many students did indeed catch it and were proud to declare, "I've Got Knight Fever." As usual, our athletic teams did well, our clubs were very active, and the student body as a whole did well academically, making this school year another successful one for Del Norte.

## Administration's story

The 1978-79 school year has been an unusually challenging one in many respects. Conversion to a four-year school resulted in over half of our student body and a third of faculty being new to Del Norte.

I trust that we all take pride in our new programs and facilities.

Students and faculty are to be commended for your efforts, your friendliness to our newcomers, and the on going "we care" attitude exhibited.

My best wishes to each of you and sincere thanks to Mr. Jay Thibert and all members of the Pavilion Staff.

*Allen D. Kumm*

This has truly been an outstanding year of dedication, involvement, and achievement.

The student body has accepted the conversion to a four year high school in a very mature manner, and has worked very hard at not letting the construction activities interfere with their school responsibilities. The large growth in our Del Norte area, which has increased the school population approximately 25, and the addition of many new facilities, created difficulties at times. But, with your cooperation and assistance, it has been a very successful year.

Thanks for all your help and best wishes to our graduating Seniors.

Del Norte has been recognized as an excellent high school! This past year, we rose to the occasion by meeting the challenge of having 700 more students. In spite of the increase in enrollment, we maintained a warm, friendly, and positive atmosphere.

You are to be commended for the adjustment and for all of your successes this past school year. I thoroughly enjoyed working with the student body and the staff.

Congratulations to the Class of '79.

*Sam Sandwal*

*Frankie Fern*

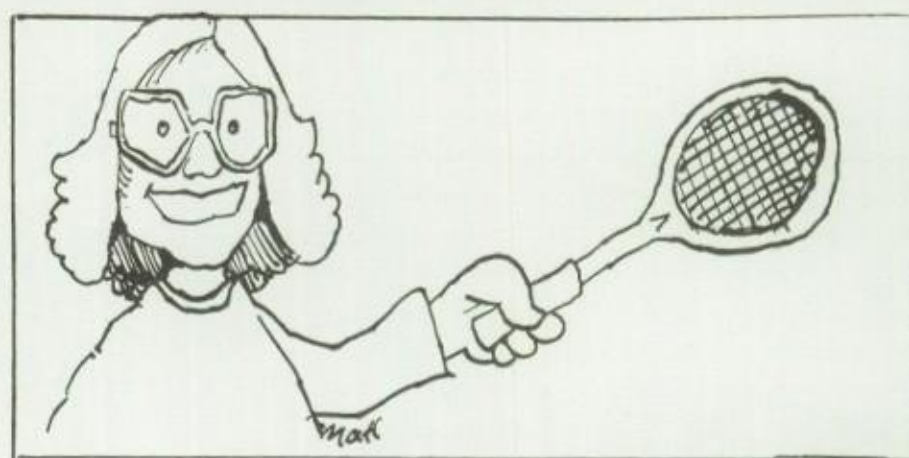

Del Norte students are among the friendliest and most thoughtful I've known. But, I must confess high school age students anywhere have to be my favorite people. My great respect for our staff and high regard for our students make me feel I'm a pretty lucky person to be at Del Norte.

## The Way We Were

Top Row: Musa Baber, Laura Moore, Jack Steck. Bottom Row: Joe Jagunich, Hubert Dickson, Jay Thibert.

Painters with buckets and ladders, bare cement floors, open-ended halls that let winds roar through the school and deposit sand and tumbleweeds against classroom doors, an uncomplete gym, and no Senior class . . . These difficulties were commonplace when Del Norte Opened its doors.

Students from the older high schools, (Juniors and Sophomores) formed our first student body, together with feeder Junior Highs, and a mixed lot they were at first.

In a surprisingly short time, however, loyalties and allegiances were set, and the Student Body of Del Norte became a solid group, with "The Knights" assuming a strong place in Albuquerque.

The first Junior class ruled for two years; first as juniors the top class, then secondly as Del Norte's first Senior class.

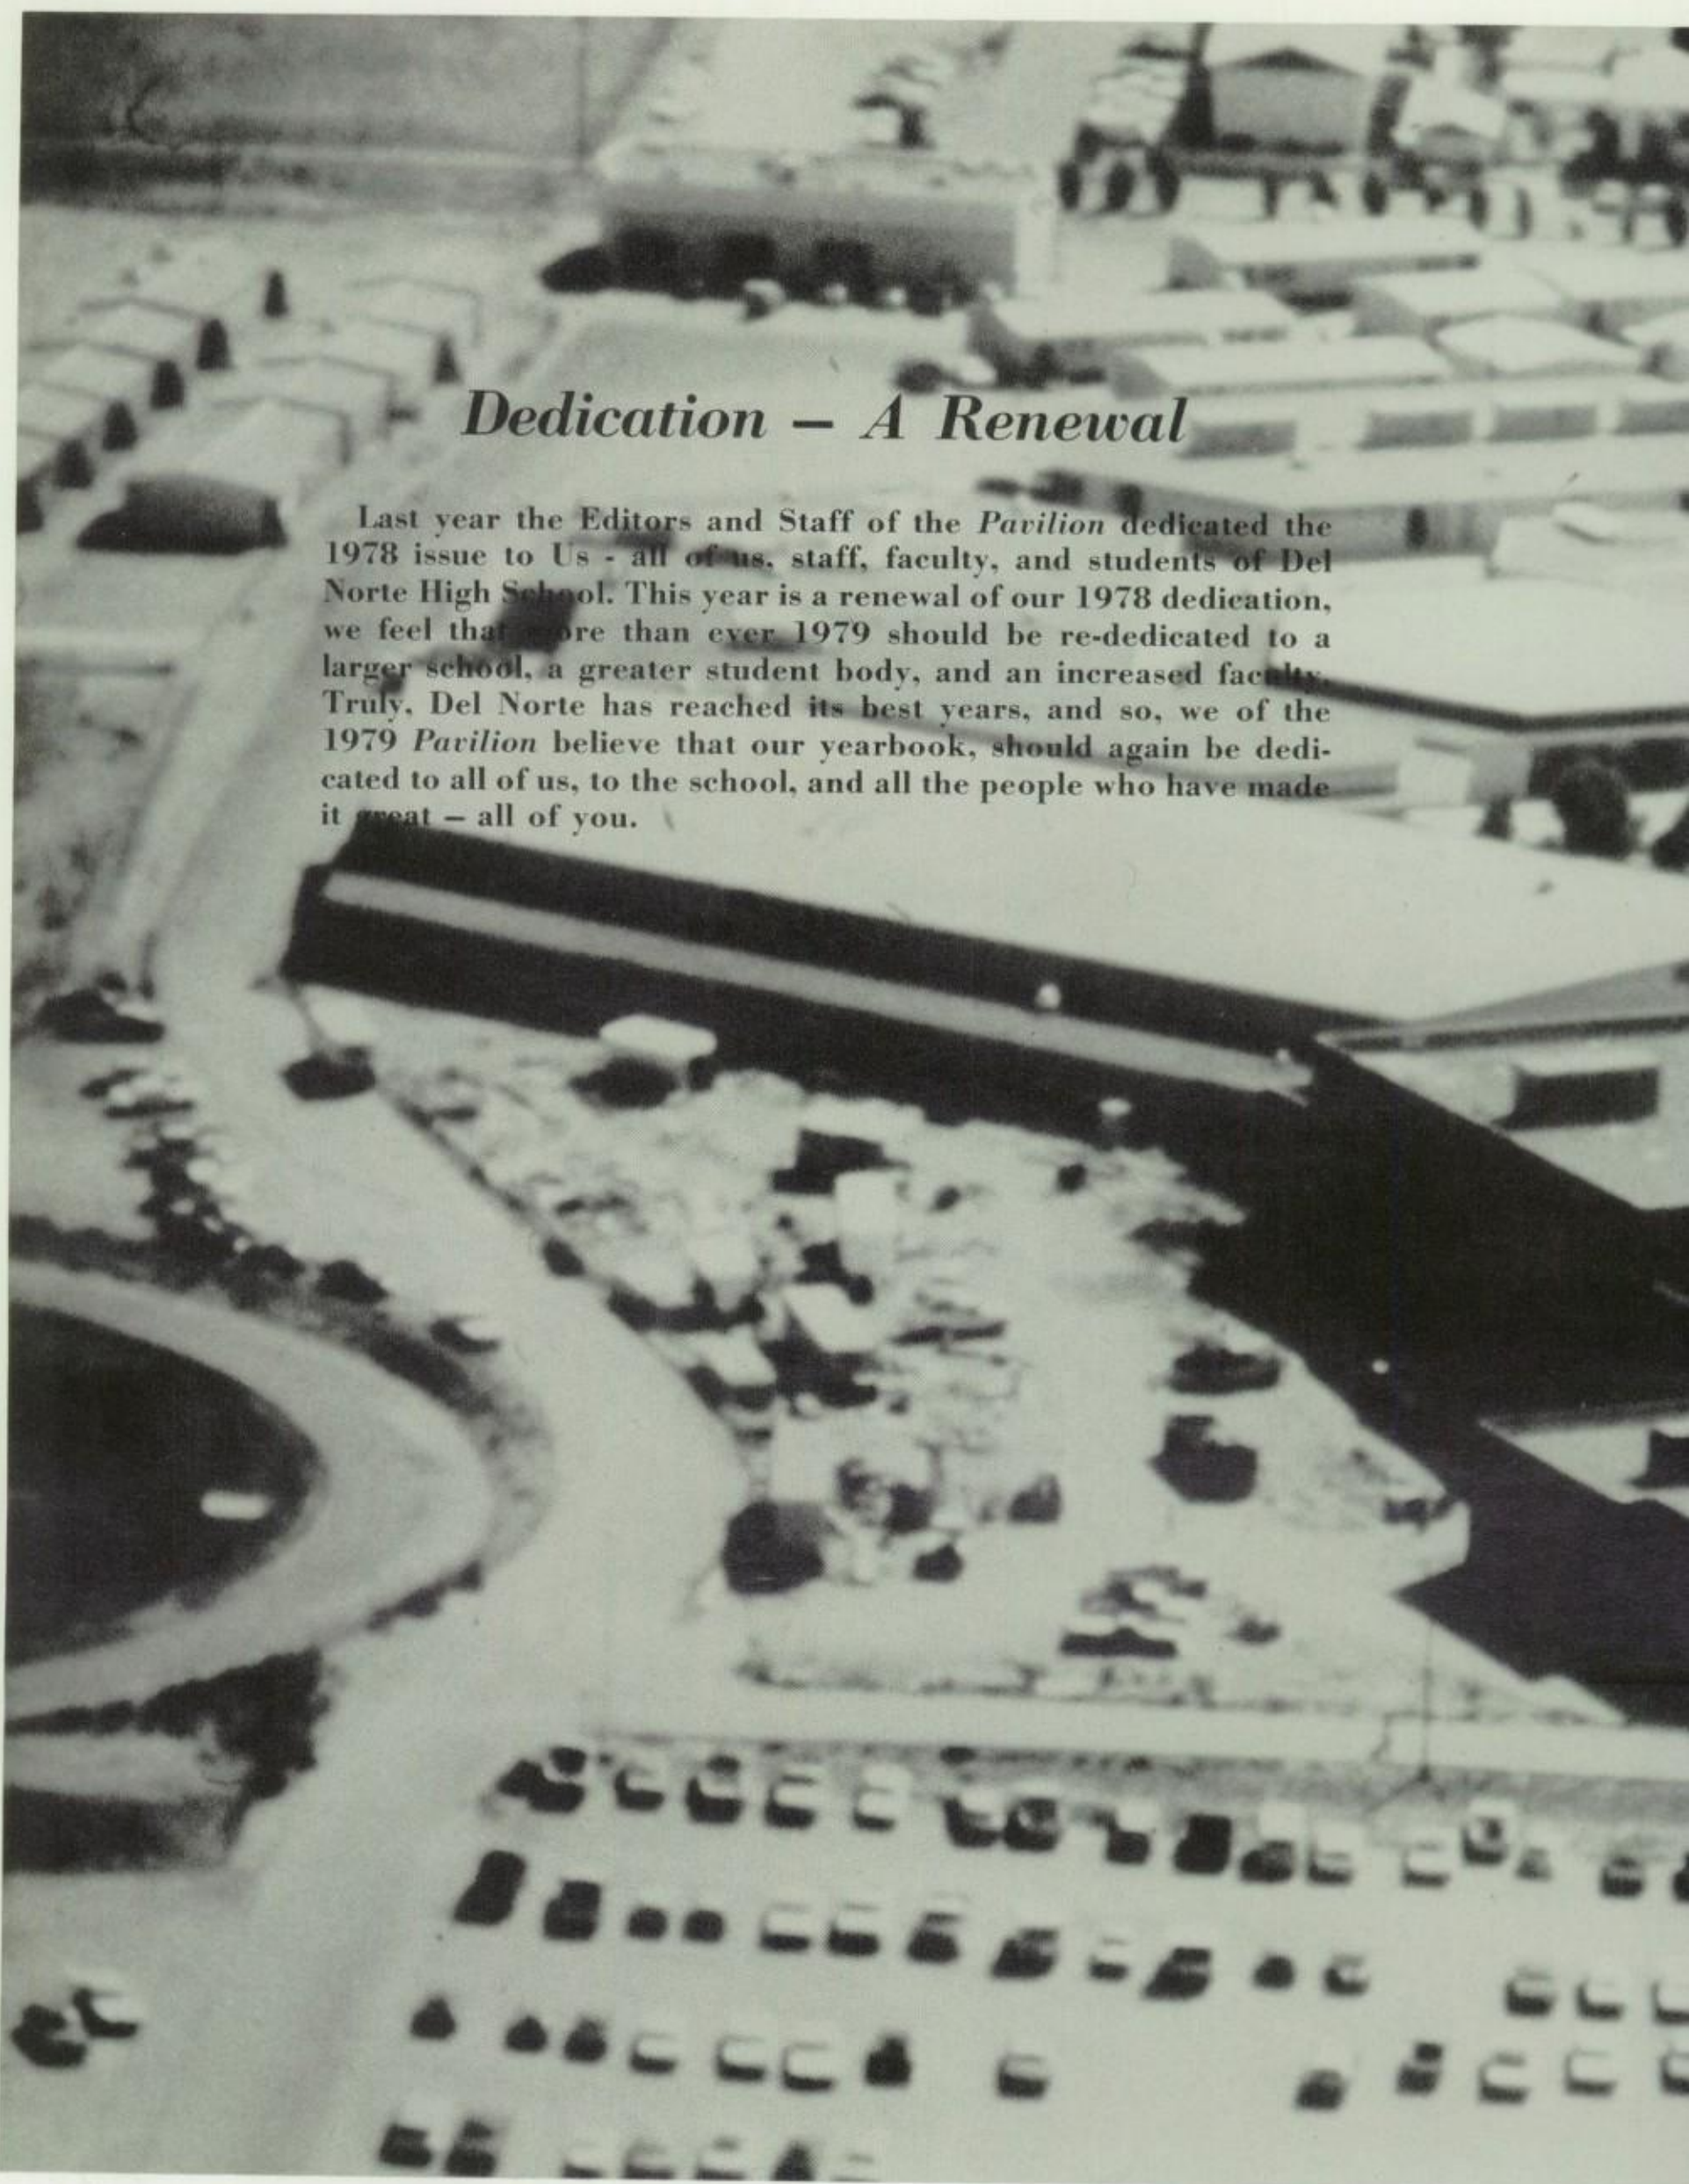

In the ensuing years, Del Norte has had Championship teams in most of the sports, and has become a respected opponent in all phases of sports, debates, band, speech, and wherever school competition occurs.

From a school with a modest beginning, an inadequate gym, and few frills, Del Norte has come into its own year. New construction has added a beautiful new gym, a performing arts center, new classrooms, a new wing, and a brand new ninth-grade class, making the home of the Knights a full 4-year school with a new firmness of purpose, and a nearly complete realization of its potential.

We still have a way to go, and future plans indicate that Del Norte will continue to grow and mature, carrying on the traditions of our first years.

An aerial photograph of a large school campus. In the foreground, there is a large, rectangular building with a dark roof. To the left of this building is a curved path or road. In the background, there are several other buildings, including a large, multi-story building with a prominent tower. The campus is surrounded by trees and greenery.

## *Dedication – A Renewal*

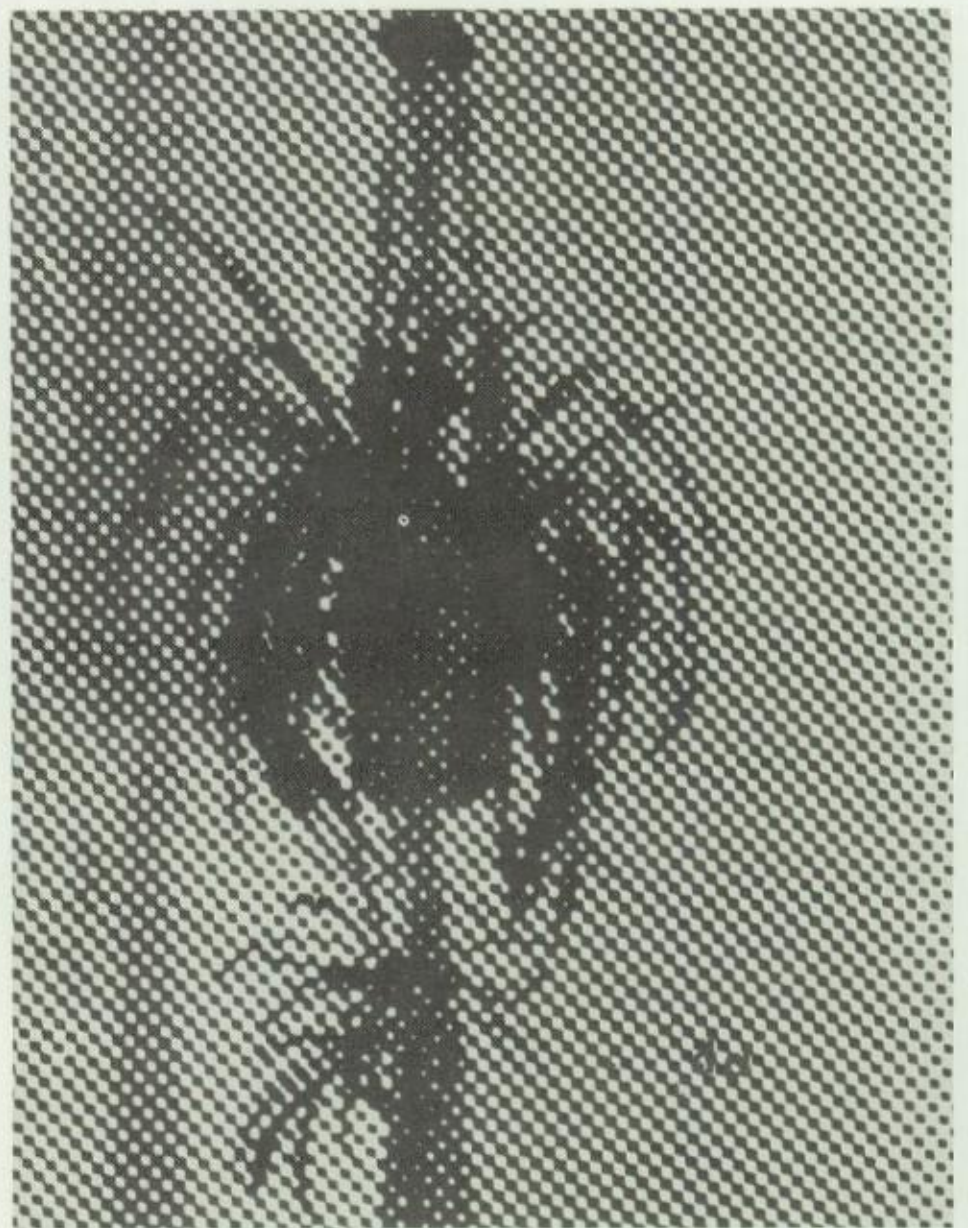

Last year the Editors and Staff of the *Pavilion* dedicated the 1978 issue to Us - all of us, staff, faculty, and students of Del Norte High School. This year is a renewal of our 1978 dedication, we feel that more than ever 1979 should be re-dedicated to a larger school, a greater student body, and an increased faculty. Truly, Del Norte has reached its best years, and so, we of the 1979 *Pavilion* believe that our yearbook, should again be dedicated to all of us, to the school, and all the people who have made it great – all of you.

Barbara,

After <sup>three</sup> ~~two~~ years I'm finally signing your year book. I don't think I can fill up the page so don't be mad; anyway the last 5 years have really been nice. I think I am a very lucky fellow to have found such a wonderful girl as yourself. I know I don't show my feeling well, but they are there and they are very strong. During all these years we've been together, things have worked out pretty well; let's hope they can continue as time passes on.

I love ya Until the  
End of Time!!

????

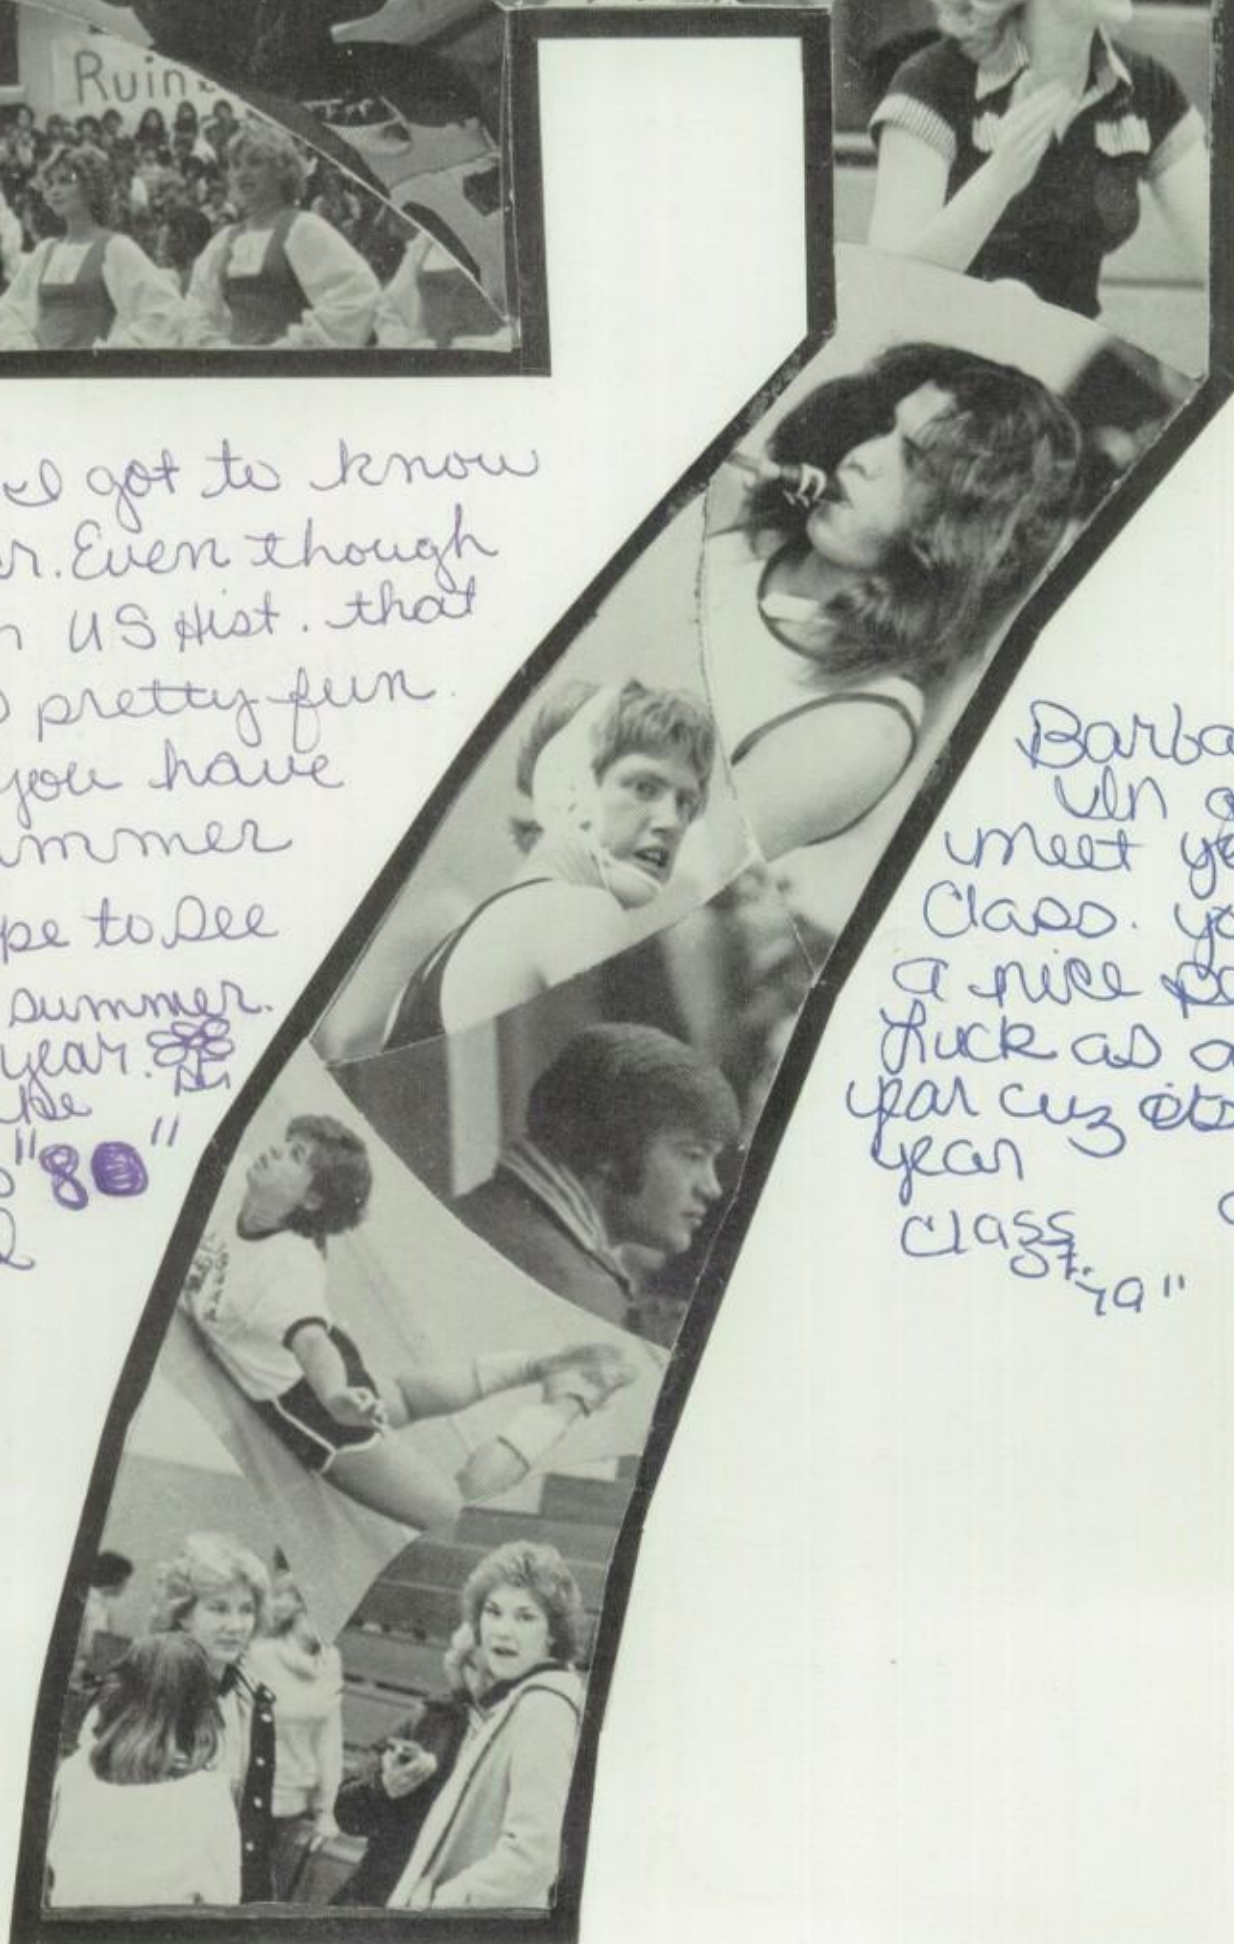

Barbra:

I'm glad I got to know  
this year. Even though  
it was in US Hist. that  
class was pretty fun.  
I hope you have  
a fun summer  
and I hope to see  
you in the summer.  
and next year. ~~the~~  
The year of the  
knights is "80"  
your friend

Bridget

Barbara,  
I'm glad that I  
met you in Mrs. K.  
Class. You really  
are a nice person. Good  
luck as a Senior next  
year cuz it's a special  
year  
Class of '79" always a friend  
Lorraine

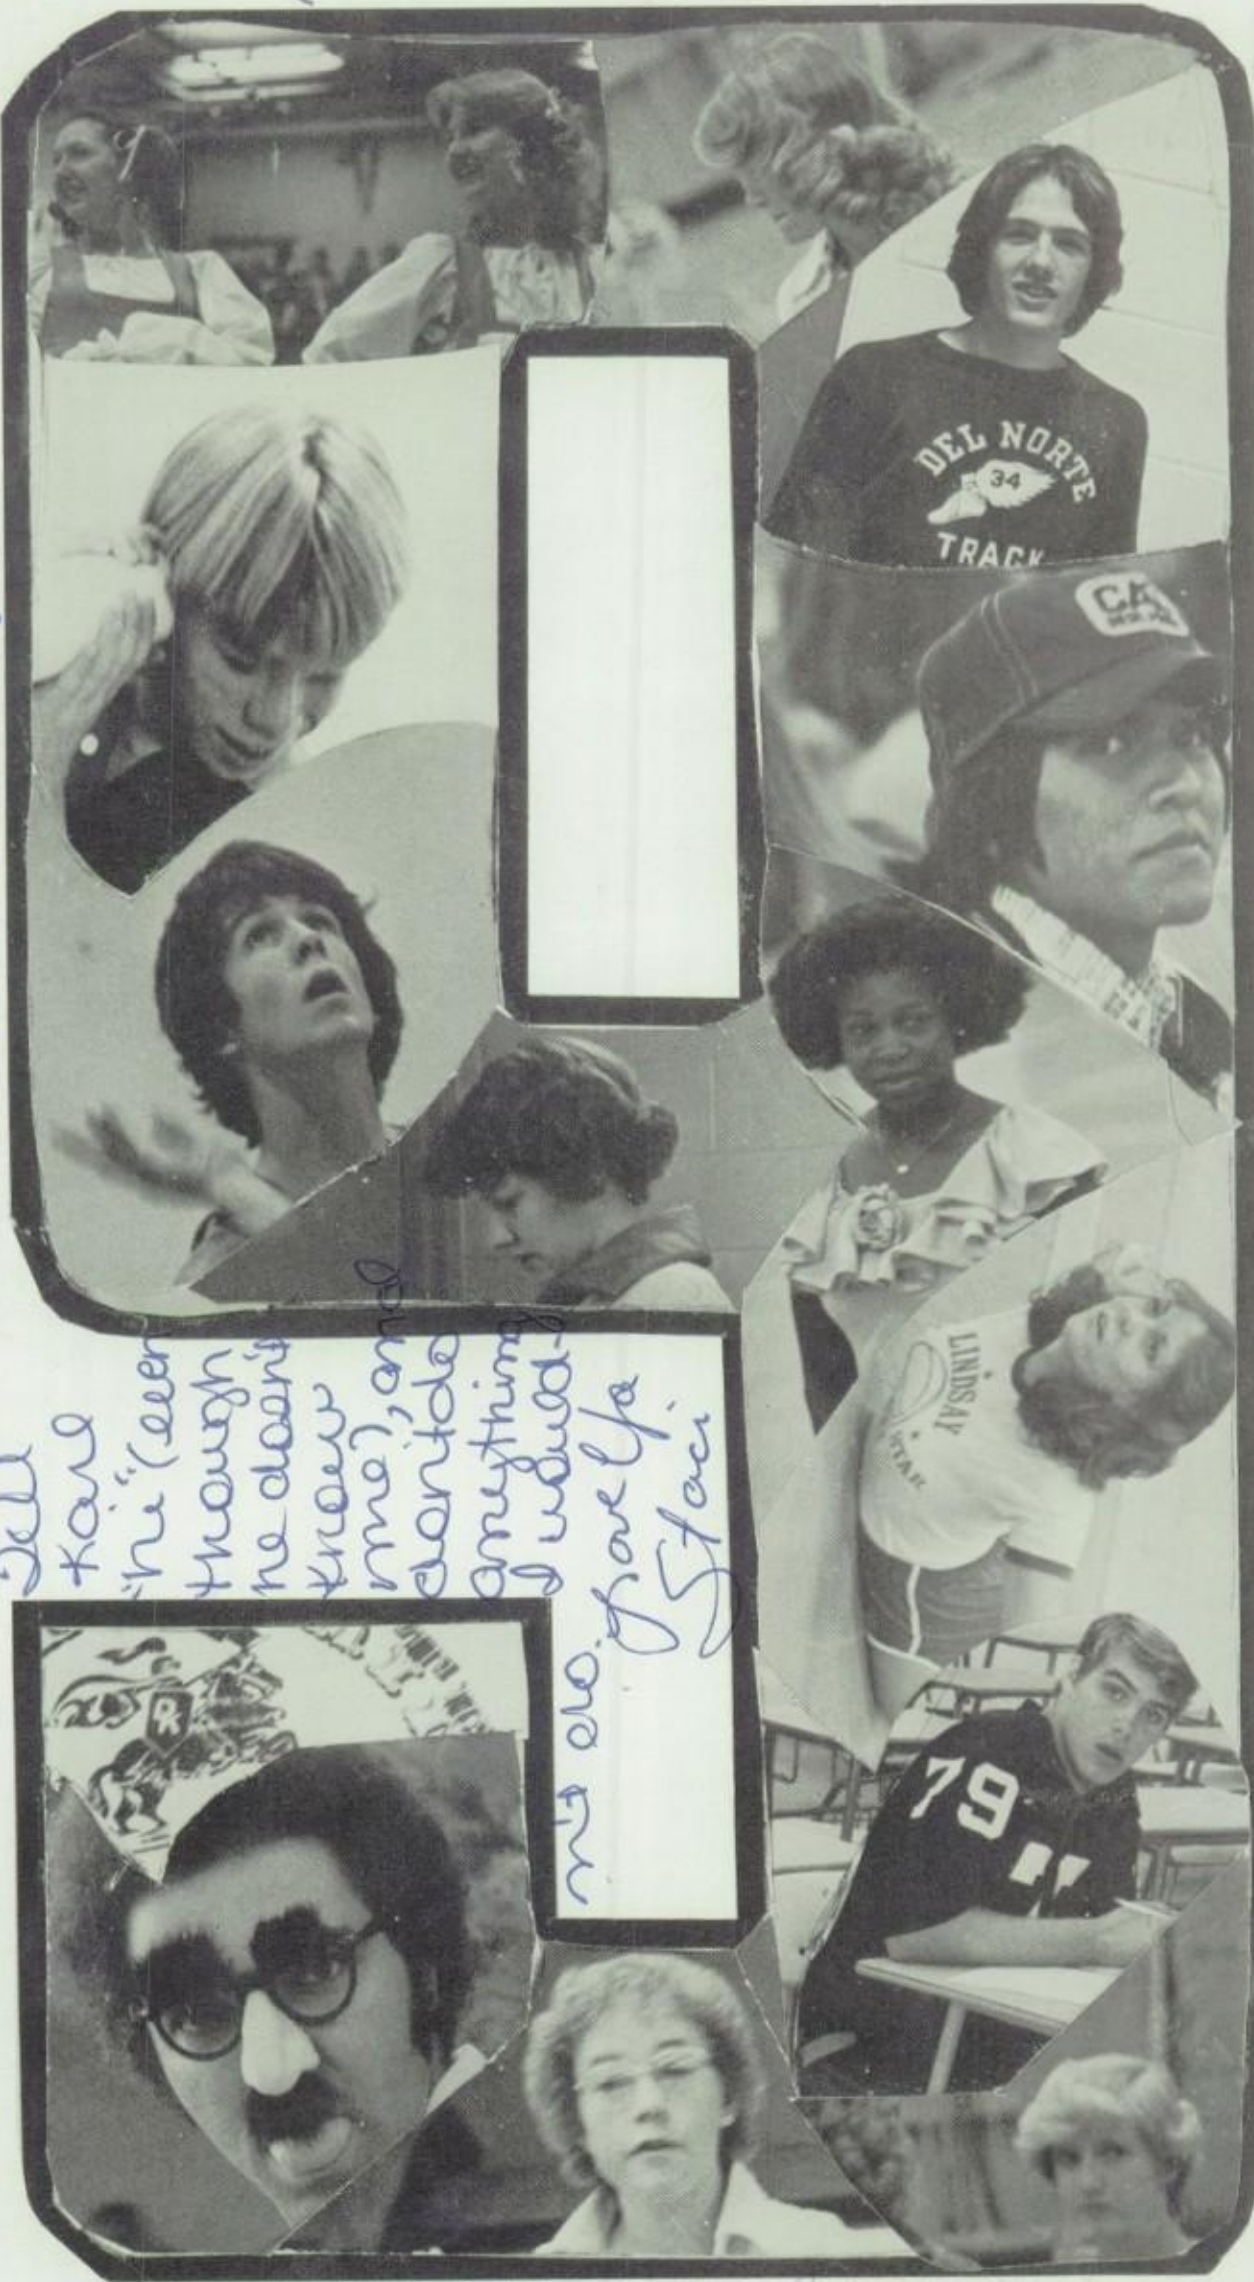

Barbara,

 Travera already? I do, well we'll be graduating next

 fun and a great summer. See ya next year.

Tell  
 Karl  
 "hi" (even  
 though  
 he doesn't  
 know  
 me), and  
 Charlie

 I would  
 love ya  
 Staci

P.S. This is still Erwin Jackson & forgot to

 Erwin Jackson

Barbara, I

*If we could save  
Time in a bottle,  
We could wish that we  
Could go on being a  
Part of a class, a  
School, or a crowd.*

*But time is  
Not something  
That can be  
Contained, it  
Must move on,  
Just as we  
Most move on.*

*We must bypass  
This special time  
In our lives  
To make room  
For new  
Experiences.*

*Although we cannot continue  
To be a part of Del Norte  
forever,*

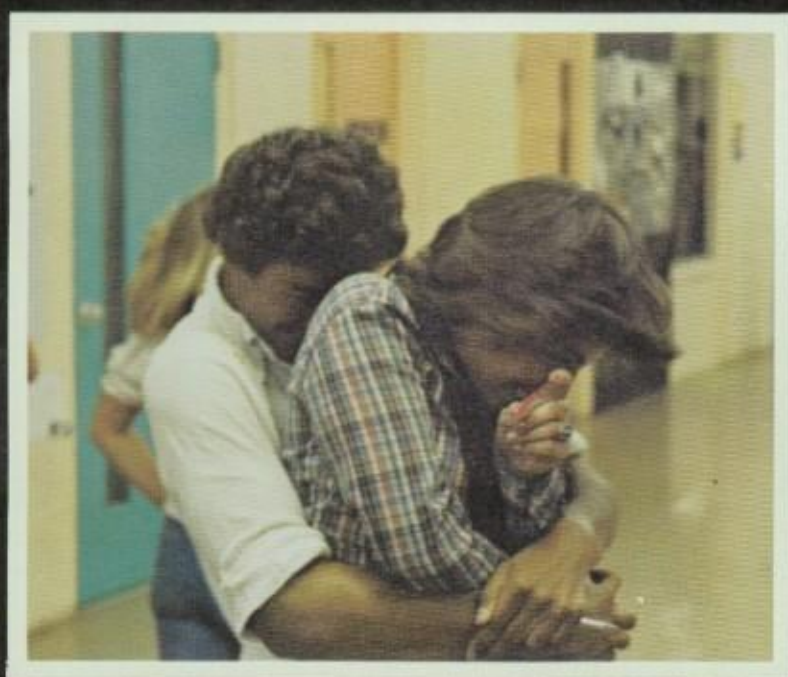

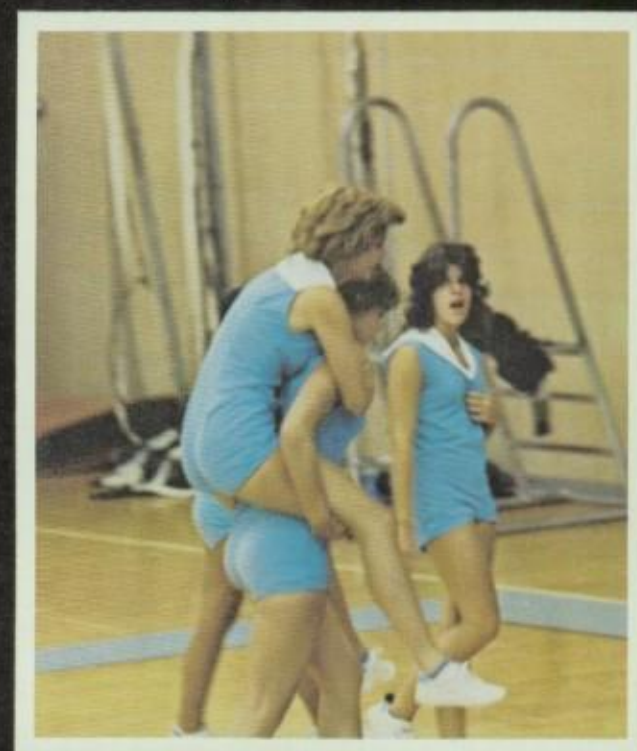

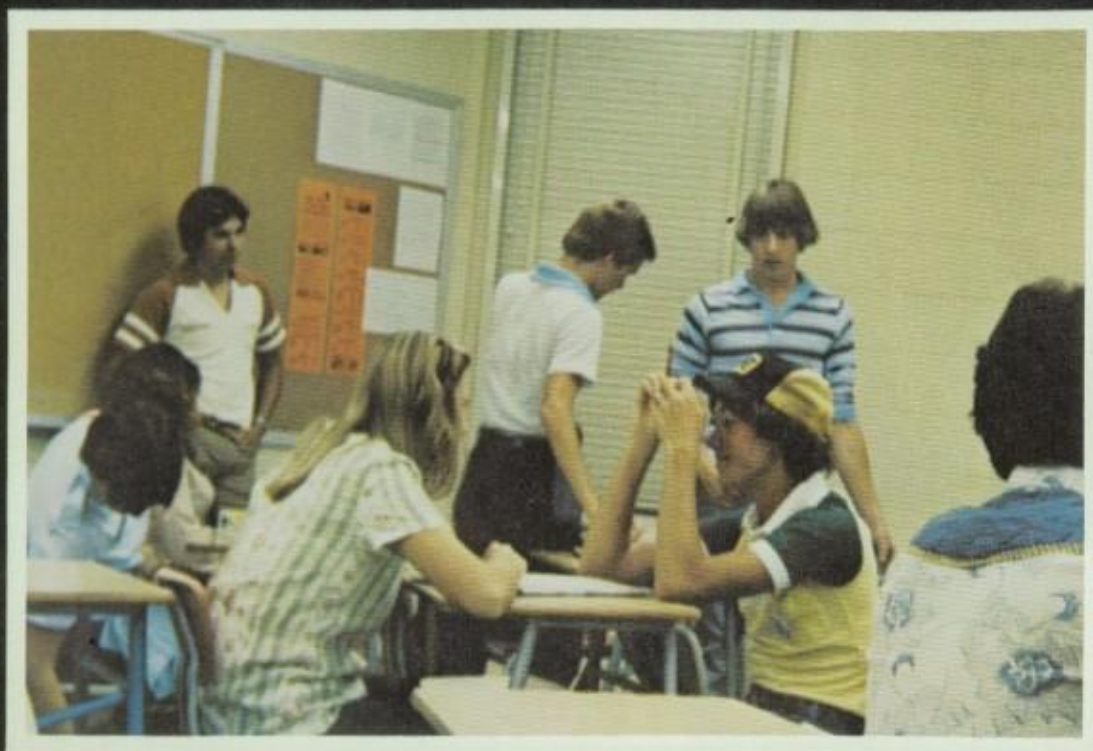

*Our memory  
Will linger  
After us as  
New students  
Take our  
Places.*

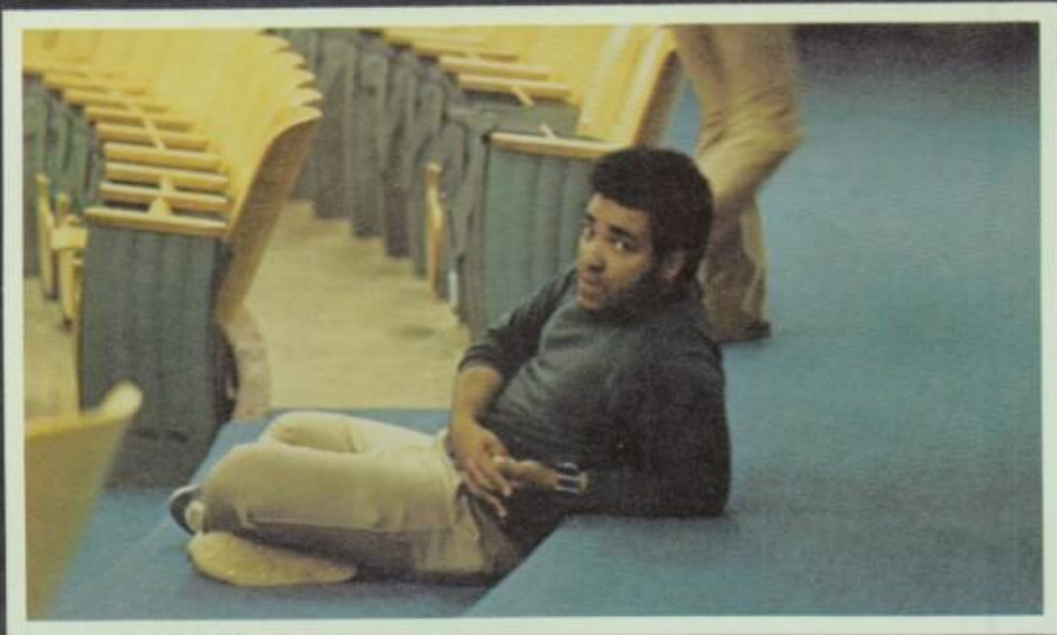

*And although this time cannot  
Be saved, the memories of  
These past years will always  
Be in our hearts and minds.*

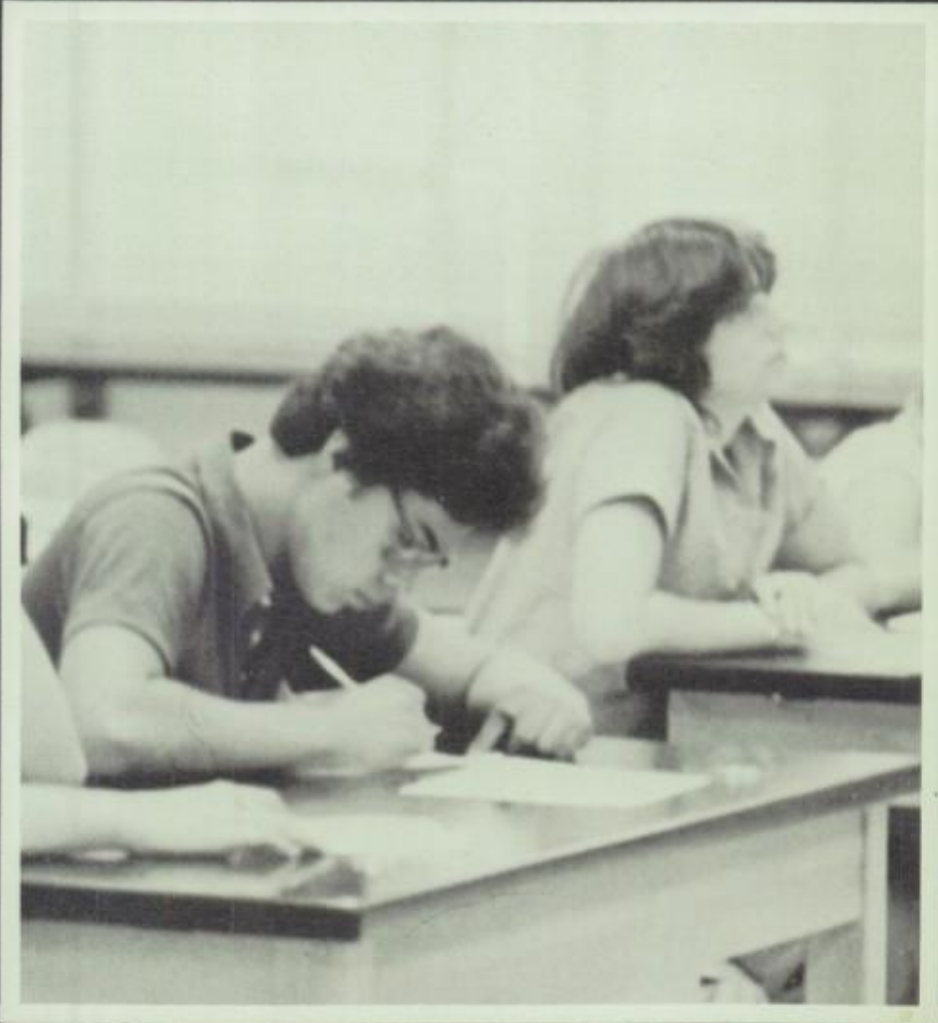

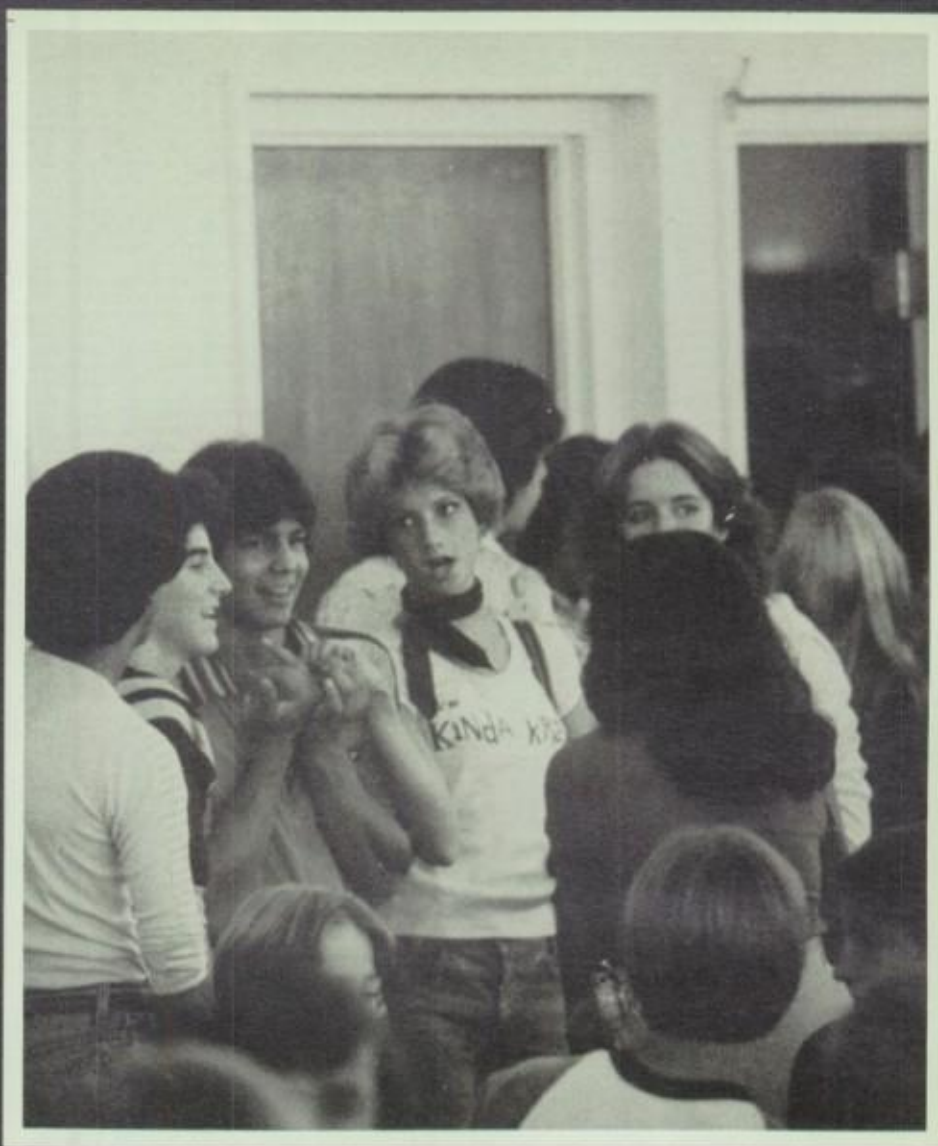

*This time cannot be  
Put into a bottle, but  
The memories and dreams  
Can be stored away,*

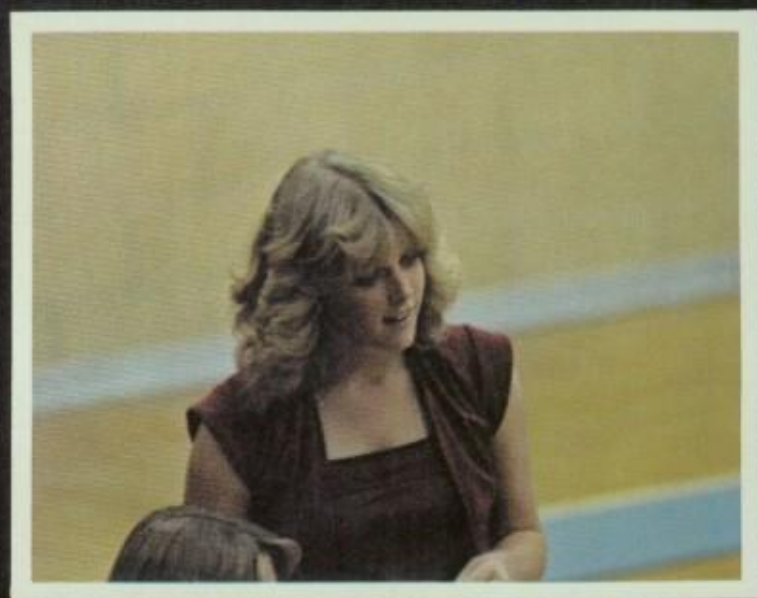

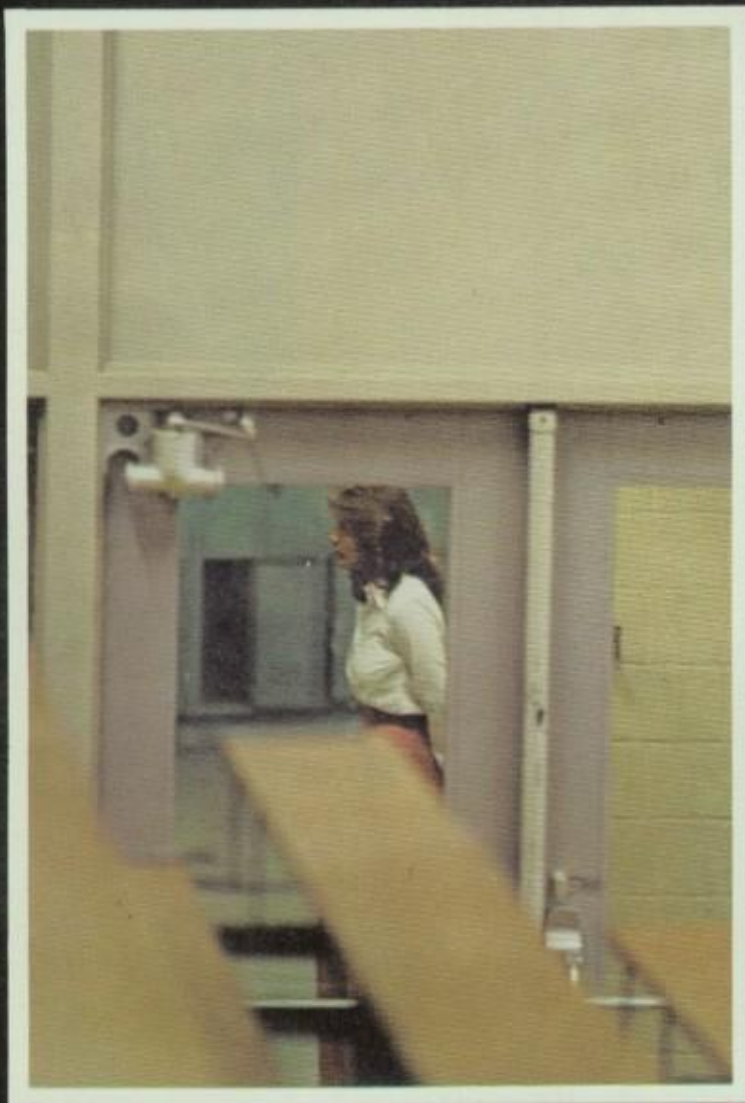

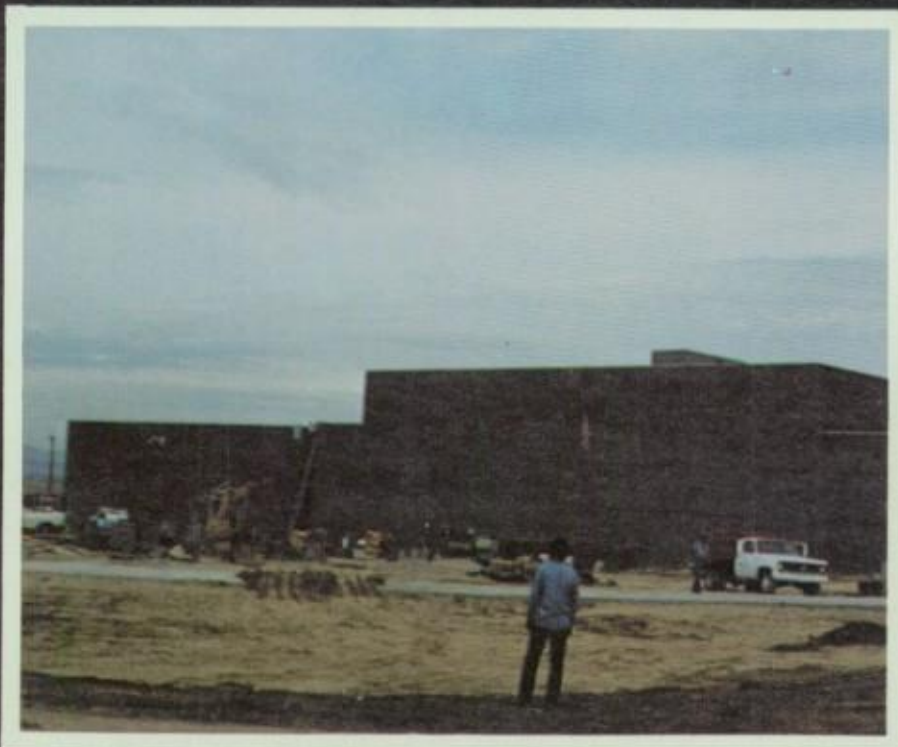

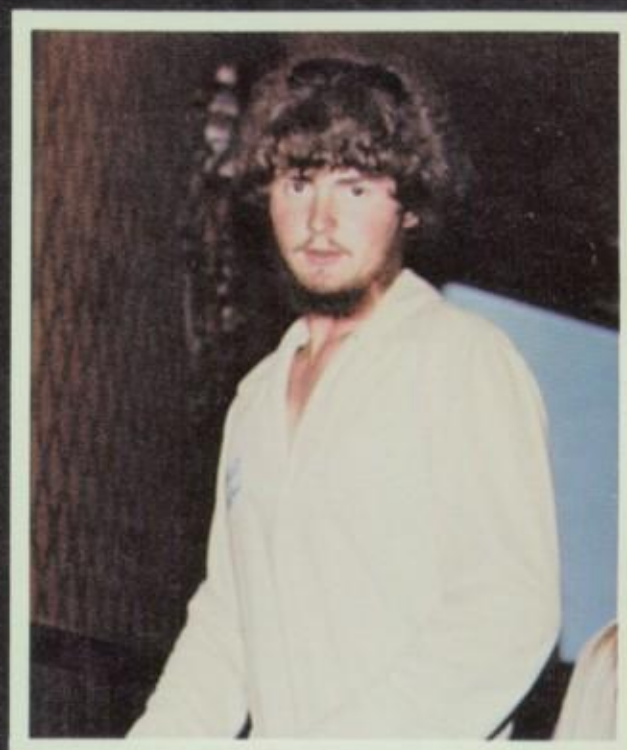

*And brought back  
In times to come.*

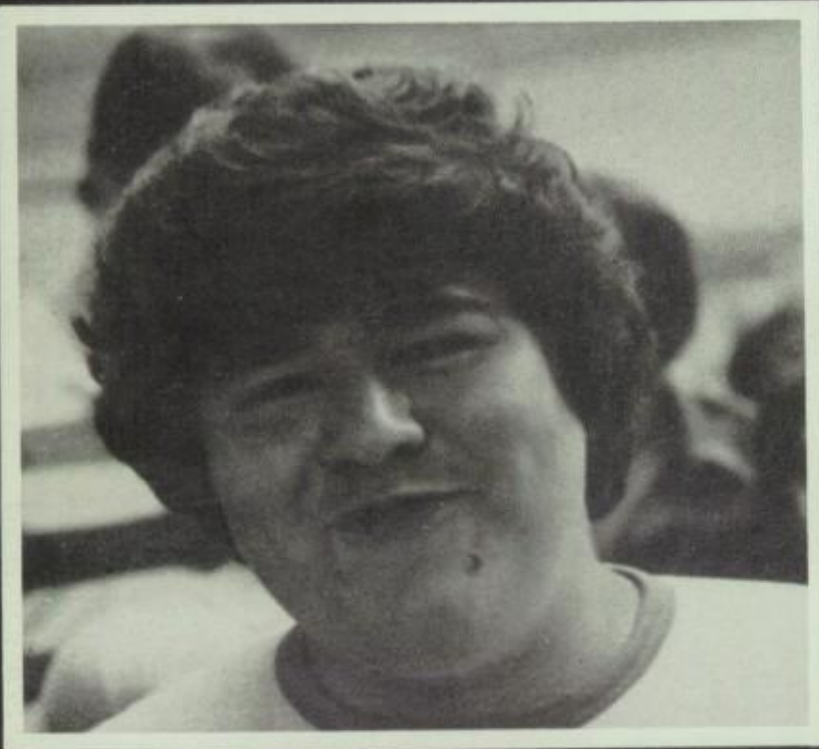

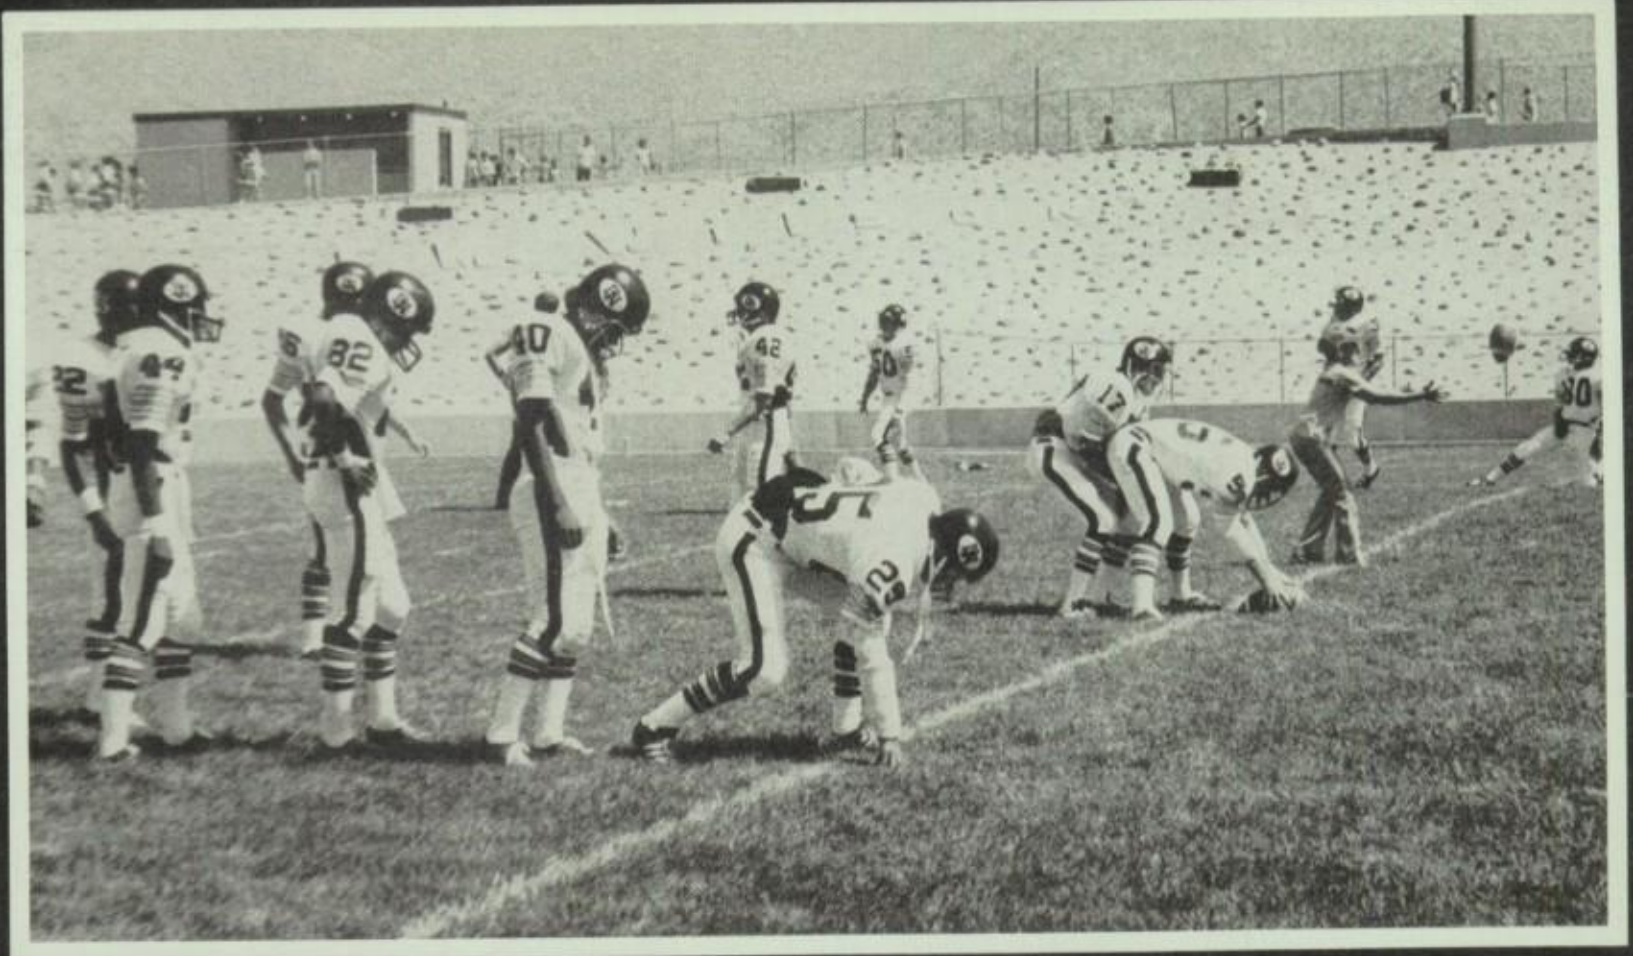

*The craziness, the rowdiness, and  
The sweetness of these years  
Will Always be something  
That we can look back on,*

*And smile as we recall  
Friends, games, and  
Special teachers that  
Have made our high  
School years great.*

*If our dreams could only come true,  
Our time could be put in a bottle,*
